

I am running for St. Croix Tribal Council as the Round Lake representative. For those of you that do not know me, I am listing some of my experience and qualifications.

I have experienced and gained 4 years of Tribal Government knowledge, Tribal programs and Gaming operations, compliance and regulations. I've assisted in renegotiating refinancing our loan for the casinos and correcting past Tribal Gaming violations that jeopardized St. Croix Gaming, as well as Gaming's support to Tribal program operations.

My responsibility on Tribal Council was to protect the people of the Tribe as a whole. This is something I have done and will continue to do so if elected. I have been unbiased in my previous terms. No favoritism, whether family, relative or residence (living on St. Croix Tribal lands or off) - ALL Tribal people deserve to be treated equally.

I am community orientated. I've assisted in activities to bring families together and to help promote togetherness such as holiday parties, community fun days, trips and outing for all ages.

In 2019, a devastating storm came through the Round Lake and Maple Plain communities. I worked alongside the Wisconsin State Division of Federal Emergency Management Agency and 5 other surrounding Tribes during this time in efforts to restore these communities and make sure the Tribal families were taken care of.

In closing I would just want you to know that helping people is what I do best. If there's a will, there's a way. Ask anyone who knows me. To be willing to help people is the role of a good leader. No need to guess - I AM that person.
